Security for Valuables.

For a magnificent combination of strength and beauty, the Safe Deposit Vaults of the Third National Bank in the Exchange Building are without a rival. Massive stone walls, steel bars and gates, time locks, automatic burglar alarms, and every mechanical and electric device that human ingenuity could contrive, unite in giving the most perfect protection to deposits.

Nearly eighty rooms (including a number especially set apart for ladies' use) are provided, all completely equipped, lighted by electricity, and perfectly ventilated, where the depositors can secure absolute security, and which the public are cordially invited to inspect.

These vaults are second to none in the country, and for the safe keeping of Stocks, Bonds, Jewelry, Silver, and all valuables, they are unsurpassed. Rents of Safes from \$10 per year and upwards according to size.

You can exaggerate most things if you try. But you cannot set too high an estimate on the value of a Revolving Bookcase. They are selling them at a special price this week at only \$6.50. Think of this for a holiday gift.
